

HOLBEIN New Products

The highly anticipated “Cardboard Canvas,” which garnered media attention even before its release, is finally here! This innovative product allows you to create full-scale artwork with simple, tool-free assembly. It’s perfect as a base material for schools and art classes, as well as for individual projects. It’s also an excellent choice for children’s first art creations.

Various painting materials can be used with the Cardboard Canvas, including acrylic and watercolor paints, poster colors, pastels, crayons, colored pencils, and color pens. Please note that due to the nature of the material, it is not suitable for painting with a lot of water.

You can draw pictures not only on the main body but also on the outer box! This is perfect for expansive and detailed masterpieces, eye-catching signs for cultural festivals and attractive point-of-purchase displays.
