HWCP HOLBEIN ARTISTS' WATERCOLOR PENCIL™ Holbein Artists' Watercolor Pencil

Introducing a new series of watercolor pencils that extend the possibilities of watercolor painting, leveraging the same manufacturing technology used for Holbein Artists' Watercolors.

By carefully balancing pigment composition and manufacturing techniques, these pencils achieve both a smooth drawing experience and excellent water solubility. The result is a "watercolor pencil that feels like paint. Because they share the same color tones as Holbein Artists' Watercolors, these pencils blend seamlessly with the paints. The color numbers are also synchronized, allowing for easy touch-ups and adjustments when used together.
