Notice of Color Change for Holbein Artists Oil Color Gold

We are excited to inform you that we will be updating the color tone of our Holbein Oil Paint in Gold for both the 20ml and 40ml sizes. The new formulation features a pigment with larger particle size and higher luminosity, resulting in a more vibrant and intense color.

The updated 40ml product will be available starting from Lot No. 94, and the 20ml product will be available from the next production run.
